

Automatic Renewal Notification Notice

APS Members,

On February 19, 2021 a queued email was sent to an unknown number of members notifying them of for the need to renew. This email was automatically sent in error and did not account for members who renewed in the last couple of months. We apologize if any alarm was caused by this communication. Be assured, if you have already renewed your membership is current. If you have not renewed or would like to purchase a new membership, please visit <https://americanpeonysociety.org/product/membership/> to purchase a membership. Older links on emails and accounts are no longer functional, thus should be ignored.

We are currently working to correct issues within the system concerning notifications and are looking forward to fresh and operable start to next year's renewal system.

Sincerely,

Nate Bremer
APS President
