

# American Peony Society

## Peony Reference Garden Application

1. Name and Address of the Garden:

2. Check One:

- municipal garden
- private nonprofit
- public nonprofit
- educational institution

3. Liaison (staff or volunteer). The institutional membership will be associated with this individual. Please contact APS if you need to make a change.

Name: \_\_\_\_\_

Email: \_\_\_\_\_

4. The garden qualifies as:

- general collection - 80 or more different cultivars - may include species, herbaceous, woodies, or Itohs/intersectionals
- specialty collection - cultivars bred by a specific hybridizer, Award of Landscape Merit peonies, Gold Medal peonies, etc.

5. Provide a brief description of the garden (history, etc.)

6. Provide a list of peonies in the collection:

- URL for Plant Explorer or Other Online Database \_\_\_\_\_
- List attached

7. The peonies are identified as to cultivar and the information is available to garden visitors either by individual labels or availability of a map. The type of label is consistent with other labeling in the garden, although ideally, labels would have a QR code linking to the APS registry.

- labels
- map

8. How are cultivar names verified? Do you need help with the identification process?

9. Where will APS brochures be displayed?

10. A benefit is a listing on the APS website.

- Yes, we would like to request a listing. We will submit suitable photos and descriptions.
- No, we do not want a listing.

11. Please return completed application and any supporting images to [president@americanpeonysociety.org](mailto:president@americanpeonysociety.org)
