

Membership Report – 2024.04.17

Elizabeth Best – Membership Chair

Lifetime members 87. One lifetime member is suspected deceased, Lynn found a death announcement that looked to be our member after receiving returned mail. I've marked the account as online only as of now. That member is George Martin of Slingerlands NY.

We have another member that I'm pretty sure is deceased--Francois-Leo Tremblay. His death was noted on FaceBook and Lynn received returned mail. I also have his account marked for online only viewing as of now. His account was last renewed in 2021, a 5 year Canadian membership w/mailings.

89 are commercial, 4 are new since 1/1/2024.

Have 124 members new since 1/1/2024 but 13 of those were lapsed for over a year, really 111 new and 13 treated as new.

We've had 495 membership renewals since 1/1/2024. We still have them trickling in, I've just been marking them as renewed without noting the lapse if their membership was good through 2023; let me know if that is wrong and of what date the lapse should be noted. I will send the spring bulletin out manually to those that renewed after the list went to the printers in March, then they should be good to go from that point on.
